QUALITY POLICY

MOTOVARIO has the ambition to provide technologically advanced solutions in the field of Transmissions for industrial and civil applications throughout the world, promoting innovation and sustainable development of the electromechanical industry.

MOTOVARIO promotes its **brand** and its products internationally in a clear and determined manner, continuously researching innovative solutions to meet customer needs and to anticipate the evolution of the market.

MOTOVARIO works to promote energy savings, emission reduction, push automation by creating intelligent applications that offer customers a brighter and more comfortable life.

MOTOVARIO Management:

- considers focus on customer satisfaction and compliance with requirements to be critical for success;
- ensures the resources necessary for the continuous improvement of processes, products and service levels offered to customers;
- defines within its organisation clear, widespread and shared goals;
- measures the effectiveness of its processes by monitoring the indicators necessary for internal and external audits (suppliers, customers);

- develops relationships of trust and collaboration with customers and suppliers, making it possible to anticipate needs and volumes demanded by markets;
- promotes the teamwork of all its collaborators to achieve shared goals;
- motivates and cultivates human resources, a fundamental asset of the **MOTOVARIO**, by updating and developing human and professional skills;
- guarantees the safety of its employees and the social climate in full respect for the environment;
- guarantees the implementation and updating of a **Management System compliant with ISO 9001:2015**.

The values that inspire the behaviour of MOTOVARIO employees are **Ethics, Quality, Service and Innovation**, and decisions are made and actions developed based on these values to increase the ambition and the authority of the company, ensuring its long-term success, always in line with the **Company Code of Ethics**.

Formigine, 27/04/2018
